Our Proven Methodology

In this course, you'll learn a simple, repeatable, systematic approach for finding new customers online.

It's called the **Lead Building System™**. It harnesses your unique Business Story to attract your ideal customer and drive revenue.

The Lead Building System™ has two key elements:

- Your Business Story
- The Six Pillars

The Results

Increased Sales, Accelerated AI Adoption, Saved Time and Expenses

Increased Sales*

- \$13.12 in lifetime revenue earned for every \$1 spent on ads

Accelerated AI Adoption*

- Doubled percentage of businesses using AI to boost revenue or save costs (up 92.5%)*
- Quadrupled the number of AI tools used each week for marketing and sales (from 1 to 4)

Saved Time and Expense*

- Average business owner saved 1-2 hours per day
- Marketing staff efficiency was increased 50%, the equivalent of adding a new contractor
- 77% of businesses saved \$100s to \$1,000s in monthly expenses

Testimonials

“This course opened my eyes to the immense potential of AI, transforming it from an overwhelming topic to an exciting pathway for business growth. By leveraging AI, I’ve optimized processes, created impactful marketing strategies, and achieved measurable results, like increasing organic traffic through SEO-optimized content.”

Sarah Khatri – How to Manage a Small Law Firm

“AI has revolutionized my workflow, helping me automate tasks and produce high-quality content at scale. Tools like ChatGPT and Canva have freed up time for strategic planning, allowing my team to meet demands without sacrificing quality.”

Maria Jose Urbano – Miami Dade College

“Realizing that AI isn’t as challenging as I thought gave me the confidence to integrate tools like ChatGPT into my daily work. Creating marketing visuals and responding to leads has never been easier or more effective.”

Angela Tillman – She Balloons

Teaching Team

Jordan Sherman, Head of Instruction

- Director of Public Relations at M&C Communications
- Former broadcast meteorologist who transitioned into PR
- Adept at using AI tools, such as generative text and illustrative software, to enhance PR campaigns, saving both time and money for our agency and clients
- BizHack Academy 2020 Alumnus

Jordan plays a key role in shaping the BizHack learning experience through curriculum oversight, AI tool research, and instructional support. He helps ensure the program stays practical, current, and focused on what small business owners need most: saving time, improving marketing, and using AI with confidence.

FAQ

Q: What is the AI Marketing Accelerator course?

The AI Marketing Accelerator is an 8-week course where you work on real-life marketing campaigns using AI tools with personalized coaching and peer support. The course will help you market more, better, faster.

Q: Who is this course for?

This course is designed for driven entrepreneurs and growth-oriented business owners who want to systematically leverage AI to grow faster and build more efficient and effective marketing and sales teams.

Q: What are the course dates and schedule?

The course runs at least a couple of times each year. [Schedule a call](#) with us to learn the next scheduled start date.

Q: What will I learn in this course?

You will learn how to apply AI in your marketing to generate leads and sales and save money. Topics covered include AI for content creation, marketing strategy, and intelligent automation.

Q: Are there any prerequisites for this course?

No prior AI or marketing experience is required. Businesses with an established product-market fit and a deep understanding of their ideal customer tend to make the most money while taking the course.

Q: What's the time commitment?

The course includes 28 hours of live instruction (4 hours per week) and a similar amount of time outside of class working on your real-life marketing campaign.

Q: How can I apply what I learn in this course?

During the course, you'll work on applying the Lead Building System™ to your own real-life marketing challenges. This systematic approach will be helpful to all of your future campaigns.

BizHack 

FAQ (cont.)

Q: Is there a certificate upon completion?

Participants who meet the attendance and final presentation requirements will receive a Certificate of Completion from BizHack Academy.

Q: What if I miss a class?

We know that life happens, and recordings of each class will be available the same day, allowing you to stay caught up. However, 80% in-person attendance is mandatory to earn a Certificate of Completion.

Q: How much does the course cost?

The price is \$2,497. This is good for up to 2 members of your team, who can take the course together. Founders will often take the course with a marketing team member.

Q: Are payment plans available?

Yes, payment plans are available. [Schedule a call](#) with BizHack to explore options.

Q: What support is available during the course?

The course is taught by a Lead Instructor, who will hold a 15-minute AMA after every class. You'll be assigned a dedicated Marketing Coach who will run small-group coaching in breakout rooms. And the course has a Participant Success Manager (course administrator) to assist you.

Q: What happens after the course ends?

Graduates gain access to an alumni network, a 30% discount on future classes and ongoing updates on the latest AI marketing strategies.

Q: How do I apply?

Apply by visiting [our application page](#).

*Results are based on past participant reporting and campaign performance. Individual results vary based on business model, execution, offer strength, audience, and ad spend.
